Judicial Strategic Plan (2018-2022)

Year 3 Action Plan (2020)

The Supreme Court of the Union has been adopting and implementing the Five Years Judicial Strategic Plan (2018-2022) with the vision of providing the highest quality of justice for all and promoting the public trust, and confidence in the courts and effective rule of law. It has been three years in order to design and implement the yearly action plans according to the Strategic Plan. Therefore, the Year III Action Plan is designed and published.

In the Five Years Judicial Strategic Plan (2018-2022), in order to achieve the vision, mission and values of the judiciary, there are five Strategic Action Areas as follows:

- SAA 1: Facilitate and Expand Public Access to Court Services
- SAA 2: Promote Public Awareness
- SAA 3: Enhance Judicial Independence and Administrative Capacity
- SAA 4: Promote and Ensure the Professionalism, Accountability and Integrity of the Judiciary
- SAA 5: Promote Efficient Case Management and Court Specializations.

There have been fairly successes in implementing the critical initiatives as priorities on the order of importance for these Strategic Action Areas. Priority Rank 1 initiatives have been starting to implement since 2018, and the Priority Rank 2 will be implementing in the years 2019 and 2020. As the Priority Rank 3 initiatives will be discharging in 2021 and 2022, we will achieve the goal where we are heading only with the great continuous efforts. In order to achieve the goal, not only the Supreme Court of the Union but also the cooperation and support of the international partners are recognized as very important.

According to the action plans which are starting to be implemented in 2018, there have been (74) courts in the whole country which apply the Case Management System. There will be totally (208) courts in the whole country because (25) District Courts and (109) Township Courts will be extended as the ones which apply the Case Management System in 2020. It is visible that the Supreme Court is trying systematically to fulfill the public access to justice as the Court-led Mediation is implementing in pilot program. Besides, the Supreme Court fulfilled the needs of the public by supporting for developing the effective legal aid system, training on customer service for judges and court staff, improving public information services at courts, training for judges on administrative capacity, and publishing an annual report in order to give information for the public on the performance of the Supreme Court and each level of courts. The Supreme Court of the Union firmly recognizes that such performances are the ones which will not only stop but also constantly fulfill to the public.

The Supreme Court of the Union publishes this Year Three Action Plan for continuing the strategic initiatives that are pending since 2018 and 2019, and for the new initiatives. The Supreme Court of the Union firmly believes that we will be at “Towards Improving Justice for All” by implementing these strategic initiatives. As believing by the Supreme, the judicial stakeholders, the international partners and the civil society organizations are encouraged to collaborate in implementing the judicial strategic initiatives.
